Part of the program of Chief Apostle Schneider visit in Sierra Leone was to watch the Sunday school children's drama on the parable of the Prodigal, which was set to come immediately after his meeting – CHAP – with District Apostles, Apostles and Bishops invited together with their wives. To the amusement of all, in the Seminar hall of Freetown Church office, the children brilliantly and excitingly presented the story of the prodigal son. This was lively, looking at the way and manner in

which the narrator and casts presented them on stage which bring the real image of repentance and forgiveness.

In Freetown, like in other towns of Sierra Leone the New Hymns training of the New Hymnal has been effective since its production. New Hymn seminars and choir practices regularly go on and there is joy as usual in it. The three parts of International, African and Local are combined in such a way that everybody can sing from the hymnal, even the illiterates. Familiar African and International hymns make it also easier for learners.
